Title 1 Information for City Academy Parents:

City Academy is designated as a Title I School. Title I is a federal program which focuses additional funding on our school. This funding is based on the socio-economic status of our student body. Title I designation allows City Academy funding to provide Foundations basic skills classes in language arts and math, the ALEKS software program for individualized mathematics development, and professional development for the principal, teachers and paraprofessionals who work with your students. Part of fulfilling our Title I obligations is to let you know that as a parent of a student at City Academy you have the right to know the professional qualifications of the classroom teachers who instruct your child. This information is available on our website or by contacting Sonia. Also, a copy of our federal No Child Left Behind (NCLB) Adequate Yearly Progress (AYP) report is available from Sonia or by going to the Utah State Office of Education (USOE) website.

<http://u-pass.schools.utah.gov/u-passweb/UpassServlet>

We are proud of the learning progress our students are making, and that our school is meeting AYP standards and has very qualified teachers working with your students. If you have any questions about any of this please contact Sonia at 596-8489.
