Attention City Academy Community!

The guitar program at City Academy continues to grow and our students are accomplishing great things. However, not all students have their own guitars or can afford to get them. The school has now rented out all of the guitars we own and students continue to add the class. If you have any guitars at home that you would be willing to donate to City Academy, we'd be extremely grateful. Please contact Devin Angulo at (801) 596-8489 with any questions. Bring guitars to Lindsey Droz at the front counter or Tom King, our building manager.

Thank you so much for your help and support. City Academy students truly are the best!

City Academy Team to Participate in Making Strides Against Breast Cancer

A team of City Academy students and staff will again participate in the American Cancer Society's "Making Strides Against Breast Cancer" on Saturday, October 9, 2010, in Liberty Park beginning at 9 a.m. The team plans to travel to the event on its biodiesel school bus, which will be parked at Liberty Park.

"In only a 5-minute conversation with my Wellness Committee students, I was amazed at how many 'grandmothers, mothers, friends' mothers, and other people' had been affected by breast cancer - in only this small pond called City Academy. At the personal level, my wife and I have a former colleague and friend who is a survivor," states Scott MacMurdo, faculty advisor for the Wellness Committee and the school's P.E./Health Teacher.

The Wellness Committee, a student led committee, signed City Academy up for the annual event. 12th grader Hannah Mar Franti, student team captain, is heading up the organizing of City Academy's student team.

So far, the team has raised over \$300 toward the team goal of \$1,000.00. To donate or participate in the event, please do so through the team's personal page on the event's website:

Matching Parent Donations

Thank you to the many parents who have been able to donate to our school this year. This is becoming a great school year and your support will make a difference. I wanted to remind everyone that some of you might work for companies that offer matching gifts to compliment your charitable donation. If you do, and your employer requires a Federal Tax ID Number please use 87-0636694. I hope City Academy will be able to benefit from some matching donations also. Thank you all for all you are doing to make our City Academy community better and better.

A message for all 9th grade City Academy students and their parents:

This message is to notify you that your student will be taking the EXPLORE assessment on the morning of Oct. 13. This is a late start day for other students, so please be aware that your 9th grade student will be expected to be here by 8:00 a.m. The EXPLORE assessment is the first part of a series of college readiness exams that City Academy will be offering to our students. This is a pilot year for using the ACT college readiness assessments. We plan to administer the PLAN to all 10th grade students and the ACT to all 11th grade students in the spring.

All 9th grade students will be completing the non-cognitive section in advisory on Oct. 7th. For more information about this assessment, please see the following:

The EXPLORE® program is a curriculum-based assessment program designed to help 8th- and 9th-grade students gain an understanding of their readiness for college, make the most of their opportunities in high school and beyond, and guide them as they start thinking about future educational and career planning. Like all the assessment programs offered by ACT, EXPLORE is based on the belief that young people—and their parents, teachers, counselors, and school administrators—will make more productive plans and decisions if they have organized, relevant information available when they need it most.

EXPLORE assesses academic progress, provides an early indicator of college readiness, helps students understand and begin to explore the wide range of career options open to them, and assists them in developing a high school coursework plan that prepares them to achieve their post-high school goals. EXPLORE functions as an independent program or as the entry measure of academic progress in the series of longitudinal assessments that constitute a component of the ACT College Readiness System

Family and friends of City Academy,

We have thoroughly enjoyed the first several weeks of the 2010/2011 school year. Not only has there been a renewed enthusiasm for excellence in vigorous academics, community involvement and service learning, but a diligence in student attendance. To date we have dramatically reduced student absenteeism and tardiness. We hope that the invigorated policies and the clear and consistent enforcement has been a significant contributor to this success, but fully acknowledge the dedication of students, parents and teachers as a primary reason for this development.

In light of these successes, there have been some areas of confusion and frustration. We sincerely apologize for any inconveniences this has caused you and your students' school year. Our hope is that this letter will help clarify any of these questions or difficulties and make both parents and students more aware of the policies and procedures. Take a moment to review the following and if you have any further questions or concerns, you are welcome to contact us at (801) 596 – 8489.

The following are excerpts from the [Parent Student Policy Handbook](#) which can be referenced on City Academy's website.
