

**OUTSTANDING PARAEDUCATOR AWARD FOR 2007-2008
TO CITY ACADEMY'S DAVE ERHMAN**

At City Academy, a paraeducator is a co-teacher in the classroom who assists in the implementation of educational and support service programs and the assessment of student progress within those programs. We are proud to have four very fine co-teachers working in our classrooms.

Each year a selection committee on the Utah Paraeducator Conference Planning Team selects deserving individuals for the Outstanding Paraeducator Award. Candidates are nominated by their peers based on the following demonstrated criteria: Efficiency and initiative, significant personal and/or professional accomplishments, improvement on the image of paraeducators throughout the state, and significant impact on students

Fourteen outstanding paraeducators from among more than 8,000 in the state were selected this year and our Dave Erhman was one of them. He will be honored at a state conference in Ogden on November 9. Congratulations Dave, and thank you for all you do for City Academy students and teachers.
